**RESPONSE TO
NOTIFICATION OF DEFECTIVE RESPONSE**

Sir:

This is in response to the Notification Of Defective Response mailed February 11, 2002 in the above application. A copy of this Notification is enclosed.

The Notification states that there is no documentation that identifies a third inventor in the application. In a conversation with Ms. Charitta A. Burt, applicant was informed that there is an unexplained discrepancy between the identification of inventors for the United States in the International Application and the inventors as identified in the Declaration filed by applicant with the Response to Notification of Missing Requirements.

Applicant provides the following explanation for this discrepancy. A clerical error was made in the International Application in that Helene GRAS-MASSE was incorrectly listed on the application document in the area for designating Applicant (for all states except the United States) rather than in the area for designating Inventor (for the United States). This clerical error has not been corrected at the International Bureau of WIPO during the international procedure. This clerical error occurred without deceptive intention at the time that the application documents were being prepared by the applicant's originating French law firm, Cabinet Ores.

Applicant hereby requests that this clerical error be corrected by deleting Helene GRAS-MASSE as an Applicant in the International Application and that she be included in the designation of Inventors for the United States.
